

Blog with API

Raúl Cátedra Martínez
Jose R. Serralvo Rojo

Lesson we have learned

- Interact with a web *API*.
- How *flux* and *redux* architectures works.
- How destructuring assignment works.
- How to do a *README.md*.
- Improve our knowledge in *jQuery*, *JavaScript* and *CSS*.

Problems we have encountered

- Understand correctly *flux* and *redux* architectures and apply to our project.
- Works with the *jQuery* promises.
- Structured the project.
